Put sugar and salt on turkey. Put it in a rectangle pan and then in the oven and cook frozen for 7 minutes. Temperature should be enough that we could all eat it. Serve with the kind of noodles that Jenna likes. Also, serve with cold carrots and perfect green beans. Drinks of pop, orange juice and water served in cups.

Elephant Stew

1 elephant
brown gravy
2 onions
2 rabbits (optional)
salt and pepper to taste

Cut the elephant into bite-sized chunks. This should take about 2 months. Cook over kerosene fire about four weeks at 405. This will serve about 3,801 guests. If more people are expected, 2 rabbits may be added. Do this only if necessary, as most people do not like to find “hare” in their stew.

The Recipe

Faith is the flower,
Sift by the hour;
Add salt of common sense,
And add sugar of suspense;
The shortening and cream of a warm embrace,
The seasoning of a smiling face;
The sprightly quarrel to make it rise,
And your love cake will take the prize;
But remember for perfection's sake,
A kiss is the frosting on the cake.
